How to Order a Sienna

Pick a Sienna base model:

S-100	$1199.00	Receiver, no front panel (See TB1/TB2 and CUPG options)
S-100L	$2098.00	10W Transceiver, no front panel
S-100E	$2297.00	10W Transceiver with tuner, no front panel
S-100H	$2497.00	100W Transceiver, no front panel
S-100X	$2686.00	100W Transceiver with tuner, no front panel
SF-100	$1898.00	Receiver with front panel (See TB1/TB2 and CUPG options)
SF-100L	$2797.00	10W Transceiver with front panel
SF-100E	$2986.00	10W Transceiver with tuner and front panel
SF-100H	$3196.00	100W Transceiver with front panel
SF-100X	$3385.00	100W Transceiver with tuner and front panel

Add options:

*TB1	$100.00	New test board, return after unit is tested for $75 credit
TB2	$75.00	Refurbished test board, keep after unit is tested

Note: TB1 or TB2 must be ordered with S-100 or SF-100 (receiver) models and cannot be returned because this board takes the place of some functions normally done by the Transmitter board. TB2 availability may be limited, depending on how many TB1 orders we receive! Call before ordering. After transceiver models are tested, this board is no longer needed, but may be useful for troubleshooting.

CUPG1	$200.00	Controller upgrade to allow future Tx capability in S-100, SF-100 receiver models. Can be ordered with initial receiver purchase to avoid later board exchange. Must be ordered with option 101 if adding transmit capability to a receiver model. Not required with L/E/H/X models. Requires return of existing controller board if not ordered with initial purchase.
CUPG2	$600.00	Controller upgrade. Same as CUPG1, but original board does not need to be returned. Keep your original for spare parts.
RF1	$20.00	Receive Bandpass filter, AM BCB (0.5-1.8 MHz) (See Opt. 207)
RF2	$20.00	Receive Bandpass Filter, 1.8-3.0 MHz
RF3	$20.00	Receive Bandpass Filter, 3.0-4.0 MHz
RF4	$20.00	Receive Bandpass Filter 4.0-6.3 MHz
RF5	$20.00	Receive Bandpass Filter, 6.3-8.4 MHz
RF6	$20.00	Receive Bandpass Filter, 8.4-11.0 MHz
RF7	$20.00	Receive Bandpass Filter, 11.0-16.0 MHz
RF8	$20.00	Receive Bandpass Filter, 16.0-20.0 MHz
RF9	$20.00	Receive Bandpass Filter, 20.0-24.0 MHz
RF10	$20.00	Receive Bandpass Filter, 24.0-28.0 MHz
RF11	$20.00	Receive Bandpass Filter, 28.0-30.0 MHz
*RFSET	$185.00	Set of all 11 above filters (save $35.00)
*201	$270.00	IF Package 1—400 Hz CW filters (2nd and 3rd IF)
202	$155.00	IF Filter Package 2—250 Hz CW filter (3rd IF)
203	$270.00	IF Filter Package 3—1800 Hz SSB Filters (2nd and 3rd IF)
204	$105.00	Upgrade 20 kHz 3rd IF filter to Collins 5.8 kHz mechanical filter
205	$145.00	High performance 10-pole SSB filter (2nd IF)
*206	$125.00	High quality roofing filter (70.455 MHz / 5 kHz BW)
*207	$115.00	2nd IF AM Filter (9 MHz / 6 kHz BW) (Includes free RF1 except when purchasing RFSET)

* = recommended (Option 201 is recommended if you plan to use CW)
Note: IF filters can also be ordered directly from Inrad, and they offer many other combinations too. See the DZKit Sienna pages at www.inrad.net.
